Hello Fitlisters,

Attached are the last versions of the Rosters that I will be sending to you. It's been interesting to look back over the past nine years when I agreed to take over managing the list when Randy Woolery left the Fraud Unit. At that time it was just a list of the subscribed members. It has grown to include all the extras it now has because you, the subscribers and users, had suggestions and requests. If I could figure out how to add them, I did. The list has only worked because of the cooperation of all of you sharing the contacts and information you garnered. Thank you for your input.

I have added a new column to the Fitlist sheet for **Cellular Phone numbers**. I have filled in as many as I could find from past emails/posts. If you would like your cell phone added to the roster, please let me know.... Soon.

The lists have once again grown to the point where they exceed our server's Send limits, so you will be receiving a second email shortly with the templates And warrant info. Information was added to the Warrants worksheet and Sheet 2 on the Contacts tab this month.

So, as usual, at least for the next 12 working days, if there are any changes To be made, please let me know. If/When a replacement has been named, I/we will let you know.
