## BACKGROUND

On October 31, 2014, the Court certified the Plaintiff Class as:

*“All persons who are now, or will be in the future, charged with a crime in the State of Washington and:*

- (a) who are ordered by a court to receive competency evaluation or restoration services through the Washington State Department of Social and Health Services (“DSHS”);*
- (b) who are waiting in jail for those services; and*
- (c) for whom DSHS receives the court order.”*

On April 2, 2015, the Court ordered the Department of Social and Health Services (DSHS) to file monthly reports with the *Trueblood* Court Monitor on efforts to comply with Court orders to provide timely competency evaluation and restoration services to Class Members:

*“Defendants shall file a report with the Monitor on the fifth day of every month, which shall include:*

- (1) the number of days between when a court ordered provision of competency services and when provision was completed, for each person ordered to receive competency services during the previous month;*
- (2) data regarding the number of evaluators, bed capacity, physicians, and other resources needed to provide timely competency services;*
- (3) the steps taken in the previous month to implement this order;*
- (4) when and what results are intended to be realized by each of these steps;*
- (5) the results realized in the previous month;*
- (6) the steps planned to be taken in the following month;*
- (7) certification by Defendants that they are fully compliant with all deadlines that became due in the previous month;*
- (8) Defendants’ estimate for when the wait times will reach seven days or less, and all data relied on in making that estimate; and*
- (9) any other information the Monitor informs Defendants is necessary for the Monitor to fully review Defendants’ actions and advise the Court.”*

The following report is submitted this 2nd day of July, 2015. Through submission of this report to *Trueblood* Court Appointed Monitor, Dr. Danna Mauch, the Department of Social and Health Services certifies compliance with all deadlines due for the month of June 2015 in accordance with this court order.

### **Class Member Status Information**

The *Trueblood* Court Order requires monthly reports to provide class member data for the previous month; however, given the seven-day standard, it is not possible to report on the full class cohort by the 5<sup>th</sup> of the month. This report provides class member data for Competency Services displayed in two periods—May 1, 2015-May 31, 2015 and June 1, 2015-June 23, 2015. The May data is considered “complete” and the June data is a partial data set. Given its incomplete nature, June data is not useful for comparison or analysis; however it will be refreshed and fully reported in the August 5, 2015 report. April 2015 is the baseline month for data analysis; however, the data in this report reflects updated information regarding the number of Court Orders signed in April. The previous month’s data pull was incorrect. Work completed this month to standardize definitions and protocols for the data pull to populate the monthly reports identified and corrected the error. Status information for cases waiting for an evaluation greater than 100 days is included in Appendix B of this report.

### **Analysis of Competency Evaluation Data: April 1, 2015 to April 30, 2015 and May 1, 2015 to May 31, 2015**

Location	Date	Median Days from Signature of Order to:			Complete in 7 Days	Incomplete Evaluation--Wait Time	Number of Court Orders Signed	
		Hospital Receipt of Order	Hospital Receipt of Discovery	Completed Evaluation	Percent evaluations completed within 7 days of order signature	Median days from order signature to end of reporting period	Inpatient competency evaluation	Jail-based competency evaluation
Western State Hospital (WSH)	4/1/2015-4/30/2015	0.0	1.0	14.0	14.4	10.0	10	176
	5/1/2015-5/31/2015	0.0	0.0	12.0	15.6	28.0	11	180
Eastern State Hospital (ESH)	4/1/2015-4/30/2015	1.0	5.0	63.0	2.2	30.0	8	39
	5/1/2015-5/31/2015	1.0	6.0	60.0	1.5	45.0	4	37
Statewide Totals	4/1/2015-4/30/2015	1.0	1.0	15.0	7.1	21.0	18	215
	5/1/2015-5/31/2015	0.0	1.0	14.0	12.2	31.0	9	217

- The number of orders remained fairly consistent between April and May 2015
- Competency Evaluations completed within seven days increased from 7.1% in April 2015 to 12.2% in May 2015
- Between April and May 2015, the median days between order signature and the end of the reporting period (the wait time) increased by ten days; while the median number of days from order signature to evaluation completion decreased one day.

### Analysis of Competency Restoration Data: April 1, 2015 to April 30, 2015 and May 1, 2015 to May 31, 2015

Location	Date	Median Days from Signature of Order to:			Admitted for Restoration in 7 Days	Incomplete Restoration Admission--Wait Time	Number of Court Orders Signed
		Hospital Receipt of Order	Hospital Receipt of Discovery	Admission for Restoration	Percent restoration admissions completed within 7 days of order signature	Median days from order signature to end of reporting period	Inpatient competency restoration
Western State Hospital (WSH)	4/1/2015-4/30/2015	1.0	1.0	44.0	24.3	20.0	59
	5/1/2015-5/31/2015	1.0	1.0	15.0	25.0	20.0	63
Eastern State Hospital (ESH)	4/1/2015-4/30/2015	1.0	2.0	23.0	16.7	42.0	12
	5/1/2015-5/31/2015	1.0	2.0	28.0	7.1	53.0	3
Statewide Totals	4/1/2015-4/30/2015	1.0	1.0	43.0	18.6	22.0	71
	5/1/2015-5/31/2015	1.0	1.0	25.0	21.2	24.0	66

- The percentage of Competency Restoration Admissions completed within seven days rose slightly from 18.6% in April 2015 to 21.2% in May 2015. Completion within seven days remains significantly higher at ESH.
- The median days from signature of the Court Order to Admission for Restoration decreased significantly from 43 days in April 2015 to 25 days in May 2015.
- The median days from Court Order signing to the end of the reporting period (the wait time) increased slightly in May 2015. The wait time remains significantly higher at ESH.

Status information for cases waiting for an evaluation greater than 100 days is included in Appendix C of this report.

## **Resources Required to Provide Timely Competency Services**

Fiscal and program staff from DSHS and the Washington State Office of Financial Management modeled additional bed capacity needed to meet a seven-day standard for admission with assumptions of increases in demand at ten percent and twenty percent annually. The following graph illustrates the model as applied to WSH and ESH.

For mentally ill defendants ordered to receive competency restoration treatment, additional inpatient forensic hospital bed capacity must be developed or made available. Based on projections in the chart above, it is estimated that compliance with a seven-day standard will require 90 beds during the 15-17 biennium. The 15-17 biennial budget funded those competency restoration beds.

The two-year operating budget for the period of July 1, 2015 to June 30, 2017 (hereafter referred to as the 15-17 biennial budget) was enacted by the Legislature on June 29, 2015 and signed by Governor Jay Inslee on June 30, 2015. It includes an investment of \$40.5 million in new funding to improve competency services. Table One details the funding provided in the 15-17 biennial budget.

**Table One: Forensic Mental Health System Funding in the 15-17 Biennial Budget**

Budget Item	FTE's	Dollars (Millions)
Competency Evaluation Staff	18.0	\$ 4.67
Competency Restoration Beds	129.2	\$26.86
Non-Felony Diversion	0.0	\$ 4.81
Office of Forensic Mental Health	11.0	\$ 4.18
<b>Total</b>	<b>158.2</b>	<b>\$40.52</b>

This significant investment in Washington's forensic mental health system includes, among other things:

- 13 additional forensic evaluators--**a 53 percent increase**. DSHS has commenced recruitment and hiring for these positions. The vacancies were advertised in May 2015. Interviews with qualified applicants began in June 2015, and multiple job offers will occur in July 2015 and thereafter.
- 90 additional beds for competency restoration treatment--**a 65 percent increase**. DSHS opened up 10 of these beds at Western State Hospital in June 2015.
- \$4.8 million dollars to finance community-based treatment for people who are diverted from prosecution when their competence to stand trial has been raised but diversion to treatment is more appropriate.
- 11 FTE's to establish the Office of Forensic Mental Health for increased accountability, quality, and efficiency.

Table Two shows the increases for forensic evaluator and competency restoration bed capacity and Table Three details the specific staff positions funded in the 15-17 biennial budget.

Preparation is underway to open 60 beds at WSH and ESH as follows:

WSH Ward S4	10 Beds	Became operational in June 2015
WSH Ward S4	5 Beds	Planned to be operational in September 2015
WSH Ward E2	30 Beds	Planned operational by December 2015
ESH Ward 3S1	15 Beds	Planned operational by November 2015

An additional 30 beds are anticipated to be transitioned to the state hospitals from shorter-term contracted or alternate facility operations. Current estimates are that these beds would be opened as follows:

WSH Ward S4	15 Beds	No sooner than July 2016
ESH Ward 3S1	15 Beds	No sooner than July 2016

DSHS intends to maximize the use of state hospital beds to meet the seven-day competency services standard. However, given insufficient existing physical bed capacity and challenges of recruiting sufficient state hospital staff, a Request for Information (RFI) process was initiated in June 2015. The RFI was posted in June 2015, asking interested parties to submit information

indicating how they could contribute to development of options for restoration treatment services outside of state hospitals. Up to 30 beds may be brought online using contracted resources. Contracted beds would be required to be brought online by early December 2015. Responses are due to DSHS by July 17, 2015.

The investment made by the Legislature in the 15-17 biennial budget and the short and long-term strategies that are being undertaken will enable Washington to provide competency services within the time frames established by the Court. Washington is making every effort to provide competency services within the seven-day standard and intends to comply with this requirement by January 2, 2016.

## **Trueblood Key Accomplishments--June 2015**

### **Key Accomplishments in June 2015**

- The Washington State Legislature made an investment of over \$40 million in Washington’s forensic mental health system in the 15-17 biennial budget. This investment will yield a 40 percent increase in Forensic Evaluators and a 65 percent increase in the number of beds available to provide competency restoration treatment.
- Enacted supporting legislation to, among other things, allow DSHS to provide restoration treatment services in the community, and to compel prosecutors, defense counsel, court administrators and jails to expedite exchange of information, access to defendants, and timely transport to state hospitals. As outlined in the Court’s decision, DSHS is responsible to provide competency services but cannot, by itself, assure compliance with the seven-day standard required in the *Trueblood* order. DSHS is part of a larger system. As the Court’s order stated, “Even with more funding and changes to the practices and policies of the Department, Washington’s forensic mental health system cannot function efficiently without the help of all of its participants.” In response to this need, the Washington State Legislature passed Senate Bill 5177<sup>2</sup> on May 28, 2015 and Governor Jay Inslee signed the bill into law on June 10, 2015. A table summarizing the key components contained within 5177 is included in Appendix A of this report.
- Increased capacity for Competency Restoration (CR) from 116 beds to 126 beds at Western State Hospital (WSH) and began serving 10 additional CR patients.
- To improve recruitment efforts, DSHS negotiated a 15 percent pay increase for forensic evaluators. DSHS began recruiting for 13 new positions in May 2015, conducted the hiring processes in June 2015, and will begin filling these positions in July 2015. Newly hired forensic evaluators will begin providing competency evaluations as promptly as practical thereafter based on training and orientation requirements.

- Initiated a Request for Information Process

DSHS posted a Request for Information (RFI) to obtain information about potential contractual options that would allow Washington to provide an additional 30 competency restoration treatment beds, supplementing beds in the State Hospitals. The RFI requested information related to one of three models described below, but invited submission of information about other models that may be available. The three models identified in the RFI include:

*Model 1: Contractor provides only CR services in a state owned and operated facility*

Contractor would provide CR Services in a secure facility that is owned and operated by the state of Washington and is made available for this purpose. Under this model, the state of Washington will provide all equipment, supplies and services required to operate the facility; for example, custodial, maintenance and food services. A contractor would provide CR Services.

*Model 2: Contractor provides CR and operation services in a state owned facility*

Contractor would provide CR Services in a secure facility owned by the state of Washington. The contractor would be responsible for operating the facility and for providing CR Services.

*Model 3: Contractor provides CR services and a secure facility*

Contractor would provide CR Services and would also provide the secure facility in which they would be provided. The facility could be a secure health care facility or a jail facility, and the contractor would be responsible for all arrangements required to operate the facility and to provide the CR Services.

The RFI and amendments can be accessed at: <https://www.dshs.wa.gov/fsa/procurements/competency-restoration-services>

As part of the RFI process, DSHS also convened an Information Session to communicate information about the Department's efforts to increase capacity to provide CR services to pretrial detainees within the state, and to respond to questions from representatives of organizations that provide these services. The information session included brief presentations from representatives of the Behavioral Health and Service Integration Administration (BHSIA) as well as a panel of DSHS representatives who answered questions. A summary of the information provided and questions and answers discussed will be posted in an Amendment to the RFI.

<b>Sec. 2. New section in RCW 10.77 – charging documents, discovery packet, and medical clearance.</b>	<p>DSHS has not been able to meet the statutory timelines consistently. The JLARC report noted the average time for evaluations in jails was 19 days for Western State Hospital and 33 days for Eastern. To enable the hospitals to meet the statutory timelines and the Trueblood time limit, necessary documents to complete an evaluation – the charging documents, discovery docs, and medical clearance – must be received as soon as possible.</p>	<p>Require that within 24 hours of signing a court order requesting the secretary to provide comp evaluation or restoration:</p> <ul style="list-style-type: none"> <li>• The court clerk shall provide the order and charging documents. If the order is for comp restoration and the comp evaluation was provided by an expert not designated by the Secretary, the clerk must also provide the state hospital with all previous court orders related to competency or criminal insanity and any evaluation reports;</li> <li>• The prosecutor shall provide the discovery packet.</li> <li>• If transportation is needed, the jail administrator shall provide medical clearance.</li> </ul>	<p>Enable DSHS to meet statutory targets and court-ordered time limits by providing prompt provision of records to evaluators.</p>

<b>Sec. 3. New section in RCW 10.77 – transportation of defendants from jails</b>	Some jails transport defendants to the hospitals as little as twice per week. Hospitals will not meet the 7-day time limit without more frequent transportation.	Require city or county jails to transport a defendant to a state hospital or other secure facility within one day of receipt of an offer of admission for comp evaluation or restoration services. Require city and county jails to cooperate with evaluators and DSHS to arrange for evaluators to have reasonable, timely, and appropriate access to defendants.	Enable DSHS to meet the statutory and court-ordered time limits by transporting defendants to hospitals more frequently.
<b>Sec. 4. RCW 10.77.084 – Comp restoration.</b>	Unclear language.	Rewrite for increased clarity.	Facilitate implementation of 10.77 comp restoration process.
<b>Sec. 5. RCW 10.77.086 – Commitment – Procedure in felony charge.</b>	<ul style="list-style-type: none"> <li>• Lack of bed space at the state hospitals for competency restoration, resulting in longer in-jail wait times.</li> <li>• Lack of capacity for community competency restoration.</li> <li>• Judges have commented that their hands are often tied with regard to sending those who are initially determined to be non-restorable to restoration treatment.</li> </ul>	<ul style="list-style-type: none"> <li>• Encourage DSHS to develop alternative locations for comp restoration services.</li> <li>• Allow restoration in a city or county jail during the 2015-17 biennium if emergent conditions exist.</li> <li>• Provide that comp restoration time periods does not include transport.</li> <li>• Give courts the discretion to dismiss charges without prejudice and send that person over for a felony conversion to civil commitment.</li> </ul>	<ul style="list-style-type: none"> <li>• Reserve limited hospital resources and beds for patients deemed most appropriate for inpatient restoration.</li> <li>• Ease pressure on hospitals by allowing more competency restoration in jails and the community.</li> <li>• Allow DSHS to comply with Trueblood order.</li> <li>• Free up hospital bed space by giving courts greater discretion, rather than unnecessarily using restoration beds.</li> </ul>

<b>Sec. 7. RCW 10.77.073 – County forensic evaluations.</b>  <b>Similar to SB 5403 &amp; HB 1426 (2015)</b>	<ul style="list-style-type: none"> <li>• DSHS has lacked the resources to meet statutory performance targets for in-jail comp evaluations, resulting in longer in-jail wait times.</li> <li>• The federal district court in Trueblood has ordered DSHS to reduce in-jail wait times to 7 days from the signing of the court order.</li> </ul>	<ul style="list-style-type: none"> <li>• Extend the expiration date of 5551 (2013) that provided for state reimbursement to counties for costs of appointing comp evaluators for in-custody defendants.</li> <li>• Expand the grounds under which a county may seek reimbursement.</li> <li>• In consultation with DSHS, require the counties to develop and maintain critical data elements and share this data with the DSHS upon the department's request.</li> </ul>	<ul style="list-style-type: none"> <li>• Ease burden on state hospitals by allowing more competency evaluations in jails and the community.</li> <li>• Save limited hospital resources and beds for the most acute patients.</li> <li>• Allow DSHS to comply with statutory and Trueblood time limits for in-jail comp evaluations.</li> </ul>
<b>Sec. 8. RCW 10.77.220 - Incarceration in correctional institution or facility prohibited; exceptions.</b>	The current law limiting the correctional confinement of persons under the forensic laws to 7 days is too broad, and was not intended to apply to in-jail comp evaluations and restoration.	Amend the law to apply only to persons who are criminally insane.	Clarify statute, consistent with intent when enacted.

<p><b>Sec. 9. New section in RCW 10.77 – Diversion alternative by prosecutors.</b></p> <p><b>Similar to SSB 5925 (2015).</b></p>	<p>According to the Groundswell report, some counties overuse the forensic system for misdemeanor defendants: “Often, this is symptomatic of a resource-strapped system using competence evaluations as a mechanism to secure treatment for indigent patients (which thereby creates other resource problems in the forensic system).”</p>	<ul style="list-style-type: none"> <li>• If the issue of competency to stand trial is raised by the court or a party, the prosecutor may dismiss the charges without prejudice and refer the defendant for MH, CD, or DD assessment as appropriate.</li> <li>• Exclude defendants who have a current charge or prior conviction for a violent or sex offense, or a violation of certain types of assault in the 3<sup>rd</sup> degree.</li> </ul>	<p>Reduce unnecessary competency referrals by allowing prosecutors to dismiss charges without prejudice in certain cases and refer individuals for appropriate services.</p>
<p><b>Sec. 10. New section in RCW 10.77 – Office of Forensic MH Services</b></p> <p><b>Same as SB 5792 (2015).</b></p>	<p>This was one of the priority recommendations of the Groundswell report: “Current forensic services are often disconnected and embedded in other systems, particularly the state hospitals. Further, there is little meaningful data to shed light on the forensic population or inform decisions.”</p>	<p>Establish an Office of Forensic Mental Health within DSHS.</p>	<p>Promote quality assurance, transparency and accountability; improve data management capacity; oversee all forensic services; implement best practices in forensic treatment; and ensure a strategic, integrated approach to the forensic population.</p>
<p><b>Sec. 11. New section in RCW 10.77 – Rulemaking.</b></p>	<p>DSHS may not have authority to adopt rules to implement 5177.</p>	<p>Require the secretary to adopt rules as may be necessary to implement this act.</p>	<p>Ensure that DSHS has statutory authority to adopt rules as needed to implement 5177.</p>

<b>Sec. 12. New section – standardized court orders.</b>	Need standardized court order forms to ensure uniformity across the counties, enable the hospitals to quickly process forensic and civil admissions, and address attachment of necessary documentation, defense counsel availability, and expedited judicial process for extensions for clinical good cause.	By 12/31/15, require the Administrative Office of the Courts (AOC) to work with stakeholders to develop and prepare standard forms for court orders for: (a) forensic evaluation and competency restoration services under chapter 10.77 RCW; and (b) involuntary civil commitment under chapter 71.05 RCW.	Develop standard court order templates for forensic and civil commitment.
<b>Sec. 13. New section – court video testimony work group.</b>	Remote locations and the limited number of forensic evaluators make it difficult to conduct evaluations with 7 days.	Establish a court video testimony work group to facilitate the use of video testimony by state competency evaluators under 10.77. The AOC is to convene and provide staffing. Complete work by 6/30/16.	Court video testimony may help to facilitate conducting timely evaluations and hearings.
<b>Sec. 14. RCW 71.05.235 - Examination, evaluation of criminal defendant</b>	Correct an obsolete cross-reference.	Technical fix.	Greater clarity.

<b>(1) Emergency clause - sec. 7 takes effect immediately.</b>	Sec. 7 (county forensic evaluations) needs to become effective ASAP to allow the counties to continue their work.	Add an emergency clause to allow section 7 to take effect immediately.	Allow counties to continue forensic evaluations. Additional funding will be provided in the budget.
<b>(2) Emergency clause – other sections take effect on 7/1/15.</b>	The other sections of the bill need to become effective earlier in order to implement the Trueblood time limits.	Add an emergency clause to allow sections 1 to 6 and 8 to 15 to take effect on 7/1/15.	Allow DSHS and others to implement the Trueblood court order in a timely manner.

Provide that HB 1599 will take effect on 6/30/15.	Retain DSHS's authority under the current law.
