Last week, Shawna utilized facial recognition software on a fake ID we had. We obtained a match to Walter A. Washington, DOB 9-24-87. Would you be so kind to create a montage for Washington?

Also, on that same case, you helped Officer Sebers with a montage for Frank Graves. Could you forward me that montage also?

Thanks!

Case 17-16140, theft 1st investigation.

Is it possible to do facial recognition on this license? He is not Richard Wadsworth... Richard S. Wadsworth is an ID theft victim in Linx, with the same OLN listed on this fake ID.
